

I am sailing as a Chief Engineer on Oil Tankers.

I have sufficient experience of management, audits & surveys of ship related machineries with third parties ISM and PSC. Fault finding and troubleshooting in limited time to avoid stoppage of plants & time loss. I have been requesting, arranging and storing spares for complete ship's machinery from different vendors all over the world. I have expertise in operations, maintenance of below mentioned plants including associated machineries and controlling equipment:

Two stroke slow speed engines and four stroke medium speed main engines.

Four stroke medium & high engines and related machinery like CPP, Shaft Generator and PTO Motor.

Operation, fault finding and maintenance of air conditioning & provision refer plants.

Exhaust boiler, composite boiler, auxiliary boilers operation, control and maintenance.

Effective usage of steam for heating, driving turbine winches & reciprocating pumps.

Hydraulic pumps, motors & circuits for mooring winch & windlass.

Operation & maintenance of Ram and rotary ship's steering plants.

Main air compressors, emergency air compressor & breathing air compressors

Treatment, handling & distribution of compressed air plants.

Centrifugal pumps for crude oil, seawater and freshwater systems.

Positive displacement pumps for lube oil, hydraulic oil, fuel oil & LSMGO

Handling & storage of heavy fuel oil, diesel oil, very low sulfur marine gas oil & different grades of lube oils

Purification & utilization of lubes & different grade fuel oils.
 Remote controlled hydraulic valves.
 Generation, control & distribution of 440V/220V/110V electricity by using diesel engines
 Handling and maintenance of transformers.
 Pneumatic, hydraulic and PLC controls for all ships machinery.
 Installing and operating alarms and trips of different machineries.
 Incineration of solid waste and sludge.
 Operation and maintenance of sewage plants.
 Operation and maintenance of waste compression and handling plants.
 Hydraulic and electro hydraulic cranes and valves
 Installation & Operation of Satellite, radio, wifi and CCTV & internal communication and onboard networking.

I have taken over vessels from South Korea & China and have intensive work experience of taking over new ships from yard in China & South Korea & Preparation for dry docking and carrying out repairs in dry docks world wide.

My preference is to join end of September 2025 but this can be adjusted as per needs of company.
